Carol Petryshyn

Carol Petryshyn is a very quiet person who volunteers for many branch activities and never expects or wants to be recognized for her work. She visits our older members and always brings two or three of them to our lunches. She helps with the 80+ Tea Party by driving our special ladies, making their corsages and table centre pieces and bringing her delicious chocolate-covered strawberries for all to enjoy. If you need anything done, you ask Carol because you know that it will be done. In the community, she helps with the organization "Treats and treasures for Nick" and is always taking clothing and food to different agencies when they need help.

Carol is a true "Caring and Sharing" person who deserves to be recognized with the Cora Bailey Award.
