What an interesting thing to remember 😊

The Milkman's Horse

The milkman's horse left a
present at her house

She picked it up to give to her spouse.

He spread that gift on the flower bed.

"We'll soon have fine roses" her husband
said.

When those flowers began to bloom

He picked a few for the dining room.

Into the air their sweet scent flowed

It smelled like heaven, if truth be told.

We fondly recall those days, of course

When we happily greeted the milkman's
horse.

Stay happy and healthy.

Keep smiling.
