

February's charity

Since 1988, Habitat for Humanity Waterloo Region has partnered with donors, sponsors, and volunteers to help middle-income families achieve affordable homeownership. Through this innovative housing model, families are given the opportunity to enter the housing market, build equity, and improve their quality of life.

Families must meet rigorous eligibility requirements and contribute volunteer hours to the build process. Each home is made possible through the dedication of many volunteers working together to create safe, stable housing.

You can be part of this life-changing work. Donate your time or financial support and help make a lasting difference in our community.

At our February 1st luncheon, we are pleased to welcome Kristine Dearlove, who will speak about the positive and inspiring Habitat for Humanity projects taking place in our region. Donations will be accepted, and tax receipts will be provided for contributions of \$20 or more.
